

FSA's Prevented Planting final report date extended to July 15th

Due to flood and excessive moisture conditions throughout Montana, a request was submitted to the National Farm Service Agency (FSA) Office to extend the deadline for timely reporting prevented planting to coincide with the final crop reporting deadline of July 15th for the 2011 crop year. The request was approved on June 1st. Prevented Planted acreage claims filed by July 15, 2011 will be considered as timely filed. It is important that the FSA-576 be timely filed and approved for a possible 2011 crop disaster program (SURE) or for acreage history credit. Approved preventive planted acreage may also be eligible for ACRE payments. If a request for prevented planting is filed after July 15, 2011, it is considered late filed and will require a minimum of \$46 to have an on-site inspection completed to determine that the natural disaster condition was evident. If the disaster condition that prevented the crop from being planted is no longer apparent, then the FSA-576 will be denied and no benefits will be applicable. If you have insured crops that were prevented planted then you may be required to provide proof that you filed for prevented planting credit with crop insurance. The COC may also request that you provide receipts or invoices showing you had inputs (seed, chemical, fertilizer, etc.) available to plant the acres claimed as prevented to establish your intent of planting.

2011 Acreage Reports due by July 15

The annual requirement of reporting to the FSA office can be referred to as crop reporting, acreage reporting, or crop certification. Acreage reports must be filed for all cropland on the farm before any 2011 DCP or ACRE payments can be made or before eligibility can be established for marketing assistance loans and LDPs. Participants in CRP and NAP must report the specific acreage for which benefits are being requested. Additionally, to be eligible for benefits under the SURE program, all crops in all counties must be reported, including non-cropland that will be hayed and/or grazed. The deadline for submitting a timely filed acreage report is July 15, 2011. Producers are reminded that filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

FSA Disaster Assistance programs available

FSA would like to remind crop and livestock producers throughout states that have recently experienced severe damage from flooding, wildfires and tornadoes that FSA programs are available to assist with recovery. FSA administers several important programs that help producers recover from disaster damage and livestock deaths. Among the key programs available to address impacts from disasters are the Emergency Conservation Program (ECP), the Livestock Indemnity Program (LIP), Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP), the Noninsured Disaster Assistance Program (NAP), Supplemental Revenue Assistance Payments (SURE) Program and the Emergency Loan (EM) Program. Fact sheets for all of these programs can be found at www.fsa.usda.gov; click on Newsroom, then Fact Sheets, or on the state website at www.fsa.usda.gov/mt, under Programs. We encourage all who have suffered a disaster due to the recent severe weather conditions to read the fact sheets and visit the local FSA county office so they get a quick start in the recovery process.

SURE Sign-Up Continues for 2009 Crop Year, July 29 Deadline

Signup for the Supplemental Revenue Assistance Payments Program (SURE) for the 2009 Crop Year began on Jan. 10, 2011 and will end on **July 29, 2011**. To be eligible for SURE a producer must have at least a 10 percent production loss on a crop of economic significance and a policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage. Producers that have a farming interest physically located in a county that was declared a primary disaster county by the Agriculture Secretary under a Secretarial Disaster Designation or a contiguous county and meet the above criteria are eligible for SURE. All but three counties - Carter, Fallon and Powell - were designated as a primary or contiguous disaster county in 2009. In the absence of the Secretarial Disaster Designation producers may be eligible if they suffer at least a 50% production loss on the entire SURE farm due to a natural disaster. Last fiscal year, Montana FSA administered more than \$36 million in the SURE program for the 2008 crop year. For more info, contact the county office.

2010 ACRE Certification Deadline Extended

The deadline for a 2010 production certification to comply with the ACRE provisions for production reports has been extended to COB Sept. 1, 2011. Because of this extension, using a register on Sept. 1, 2011, is **not** authorized. The extension is for completing both the farm benchmark yield (2005 through 2009) and the actual farm yield (2010). For more details contact the county FSA office.

Thousands of Montana FSA participants urged to submit consent forms to IRS to avoid repayment of full FSA benefits from 2009 to present

Producers who participated in 2009, 2010, and/or 2011 FSA programs subject to adjusted gross income limitations (AGI) had to certify compliance with AGI rules on form CCC-926. The consent form authorizes IRS to verify for FSA whether a payment recipient's AGI meets the eligibility requirements for FSA programs. The form became a requirement for payment eligibility beginning with the 2009 crop year, however many program participants have not complied with this requirement. On Oct. 6, 2010, a letter was mailed to participants filing CCC-926 who have not submitted for 2009 and 2010: CCC-927. The deadline to submit the forms to IRS for 2011 was June 1st, 2011. Individuals must submit form CCC-927 and legal entities must submit form CCC-928.

"For 2009, 2010 and 2011, the deadline has passed, but individuals and legal entities, including members of entities, regardless of whether they received program benefits directly or indirectly, who have not submitted the form to IRS for any of these years, need to do so immediately in order to avoid a demand for refund of program payments and benefits received," Deschamps said. "Even if these producers do not normally file federal income taxes, they must still submit the appropriate CCC-927 or CCC-928. If you're unsure if you have submitted the appropriate form, you can contact your local county FSA office to see if you're on the list. Forms are available on the state FSA website at: www.fsa.usda.gov/mt".

FSA is aware that in some instances such as Native American participants with little federally reportable income, or individuals and entities that are members of participating entities and have little or no IRS-reportable income on their own, who may not file federal taxes and may have had their CCC-927 or CCC-928 rejected by the IRS as a result. If individuals filed CCC-927 or CCC-928 and it was rejected because of lack of income data, please contact your FSA county office and provide them with a copy of the rejected form and IRS letter. For more info, contact your FSA county office.

Farm Divisions/Combinations Must Be Requested By August 1

If you have sold, purchased or leased a farm or part of a farm, please notify this office immediately. If you need to request a farm division or a farm combination for 2011, the deadline to submit the request is Aug. 1, 2011 for those farms participating in DCP/ACRE. If requests are not filed timely, it may be difficult to complete 2011 contracts with all required signatures for the farm. Requests received after Aug. 1, 2011, will be processed for 2012.

Emergency Conservation Program (ECP) – Rosebud and Treasure Counties have been approved to implement the Emergency Conservation Program (ECP) due to floods and excess rainfall. Signup for the program will be June 20th – July 19th, 2011. The following conservation practices have been approved to correct damage. 2011 Managed Haying and Grazing of CRP

CRP participants with approved conservation plans (CPO) that include managed haying and managed grazing of CRP may begin haying and/or grazing on July 16, 2011, provided they have completed all of the necessary paperwork at the County FSA Office and have received **written approval** from the FSA

Managed Haying and Grazing of CRP CONTINUED...

Office and have received **written approval** from the FSA County Committee or its designee before starting haying or grazing. Failure to get written approval before starting managed haying and managed grazing of CRP could result in termination of the acres that are hayed or grazed. CRP participants who do not already have the managed haying and managed grazing provisions in their CPOs should contact the county office to get an updated CPO to include the managed haying and managed grazing provisions. The Montana managed haying provisions allow managed haying 1 in 5 years and 50% of the acres must be set aside for wildlife. Producers may hay the 50% set aside in the following year. Grazing is allowed 1 in 3 years and 100% of the acres can be grazed. Producers cannot hay and graze the same acres. Producers will be assessed a 25% payment reduction for managed haying and grazing of CRP. The 2011 Summer-Fall Managed Grazing Period is July 16th through September 13th. The 2011 Managed Haying Period is July 16th through September 30th.

*****Montana FSA Notice to Current Newsletter Recipients*** *Non-active agriculture producers must "opt-in" to receive future newsletters***

Effective March 1, 2011, the Montana Farm Service Agency has issued a new newsletter policy geared toward improving FSA newsletter delivery and efficiency to the individual farmers, ranchers and agriculture community. FSA newsletters will continue to be sent to active agriculture producers as determined by the county FSA offices. No action is needed for active producers unless your household or business is receiving duplicate newsletters in which case you should inform your local county FSA office. If you are not an "active" producer but are a landowner or are interested in receiving or continuing to receive a FSA newsletter, you must inform your local county office that you'd like to "Opt-in" and be added to the newsletter mailing list. In addition, you can choose to receive your newsletter electronically. Each newsletter not mailed saves the agency and taxpayer \$0.39. To request the electronic newsletter be emailed to you instead of receiving a newsletter through mail, please contact your county FSA office.
